Kastle 2 Wave Bard

Release Notes

kastle2-wave-bard-1.0
release version

To check the firmware version, listen to the audio output and boot Kastle 2
into the Test Mode: Hold BANK button and turn power ON.
A voice will announce the firmware version.

HOW TO UPDATE:

1)   Connect Kastle 2 with a USB-C cable to your computer
2)   Turn OFF the power switch (left)
3)   Hold SHIFT and turn ON the power switch (right)
4)   Kastle 2 will boot to the update mode (no sound)
5)   Copy the firmware **.uf2** file to the RPI-RP2 disk showing on your computer.
